## ‘FRACTAL IMAGES IN A SLANT OF LIGHT’

### Workshop led by Val Bridge

As jump off points we will be thinking about birds, light, wild woods and wilderness landscapes:

'and the end of all our exploring  
will be to arrive where we started  
and know the place for the first time'

(T.S Eliot. ‘Four Quartets’)

We will explore the hidden connections between things, the interstices, the layers unseen but guessed at or somehow recognised from our intuitions, our histories, the gaps between shapes, between words, between what we say and what we don't say or can't say, and how the listener interprets.

'always embrace things, people earth  
sky stars as I do, and with the appropriate sense of space. That  
is your inclination, known in the heavens  
and you should follow it to hell, if  
necessary, which I doubt.'

(*Frank O'Hara 'Talking to the Sun'*)
